SKS AYURVEDIC MEDICAL COLLEGE & HOSPITAL

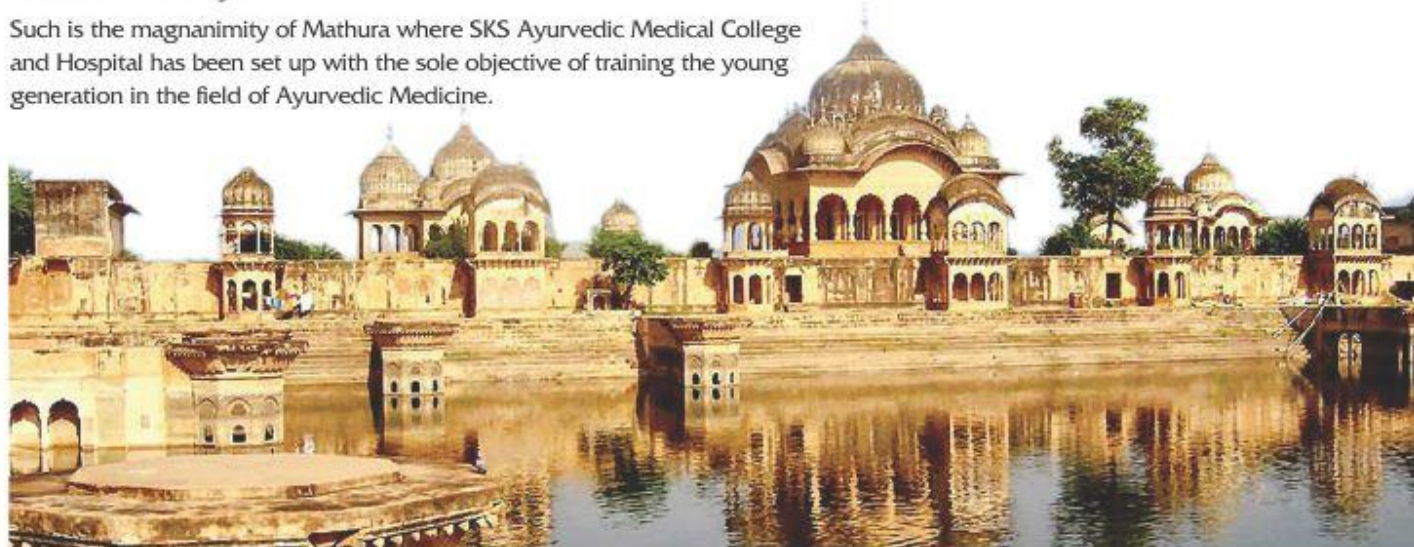

About Mathura

The city with holistic values

Mathura (Braj-Bhoomi) is located in the western part of the state of Uttar Pradesh in the northern region of India. It is situated on the bank of the river Yamuna. It is famous as the birthplace of Lord Krishna, an important deity in the Hindu religious pantheon. It is an important pilgrim place of the Hindus and one of the seven most sacred cities in India. Mathura is also an important craft center; Museum of Mathura has the largest collection of red stone sculptures depict many Buddha figures. It belongs to Agra sub-circuit of the golden triangle of India i.e. Delhi-Agra-Jaipur circuit. It is worthwhile to visit Mathura for the sheer pleasure of tracing the early years of the life of Lord Krishna at Shri Krishna Janambhoomi (birthplace of Lord Krishna). Vrindavan, the city of temples is 10 km away from Mathura and it is associated with the childhood exploits of Lord Krishna.

The location of Mathura in the Indian Map is of huge importance in this district of Uttar Pradesh which is only 85km away from Delhi. The rich heritage of Mathura is also easily accessible through air, road, and rail from all major Indian cities and states. Agra City is only 40km away from Mathura city. Of late during the last decade, Mathura has emerged as a centre of development with the coming up of huge multistoried projects and also of Hospitals, Health Centres and of shopping malls and recreation centres. With such developments in place Mathura is one of the most preferred location for students all over India now a days.

Such is the magnanimity of Mathura where SKS Ayurvedic Medical College and Hospital has been set up with the sole objective of training the young generation in the field of Ayurvedic Medicine.

About SKS Group

The 1980's marked the establishment of SKS Group. Two decades later SKS Group was a renowned entity with operations in several parts of the country and core competencies in Turnkey Heavy Material Handling Lifting Solutions, Agro and Food Processing Industry and in its education initiative.

In the year 2001 when there was dearth of education all over the country, Shri S K Sharma dared to invest in the non-profitable noble cause of setting up of educational institutions for the good of the society in the industrial city of Durgapur, which at that time was severely suffering from the closure of several large scale industries in the region. The inauguration of Bengal College of Engineering and Technology marked the beginning of Education initiative of SKS Group in the name of SKS Group of Institutions, Durgapur in the year 2001. Soon thereafter, SKS Group of Institutions set up milestones every year by setting up of the state of the art schools and colleges every year and as on day it has emerged as a leading Educational Group which has set up its benchmarks as per international standards and has under it 15 institutions and enrollments of over 15000 students and with a track record of Alumni, placed in top notch Multinational Companies, Research Institutions of the country.

The Technical Institutions under the banner of SKS Group are approved by All India Council for Technical Education (AICTE) and are affiliated to concerned State Universities/ State Council and the schools are affiliated to Central Board of Secondary Education (CBSE), New Delhi. The Medical Colleges are approved by the concerned Council in India and affiliated to the concerned medical universities.

The Institutions under the umbrella of SKS Group are as follows :

Bengal College of Engineering and Technology, Durgapur

Bengal College of Engineering Durgapur

Bengal College of Pharmaceutical Sciences and Research, Durgapur

Bengal College of Polytechnic Durgapur

Durgapur Institute of Management and Science, Durgapur

Durgapur Public School Durgapur

SKS World School Noida

SKS Public School Raniganj

BEWS BTC College, Mathura

Sanjay College of Pharmacy Mathura

Sanjay Institute of Technology and Management, Mathura

SKS Ayurvedic Medical College and Hospital, Mathura

Sanjay Public School, Mathura

Chairman Message

S.K. SHARMA
CHAIRMAN

I take the pleasure to introduce you to SKS Group of Institutions, dedicated towards social welfare and to the contribution of enlightened individuals to fulfill the surging social necessity of qualitative manpower in technological and Healthcare sector.

Apart from serving the society in the way of providing quality education, SKSgi is also actively involved with the service of the society in the field of medicine and healthcare through SKS Ayurvedic Medical College and Hospital at Mathura of 100 beds. In the Hospital all patients are provided with free treatment and medicines. These efforts are just a gesture to help the needy in the society and SKSgi endeavours to do its best for the improvement of the nation and the society.

In a nutshell, SKSgi aims at not only educating the young to be successful Technocrats, Managers and Doctors but also shape them into becoming socially responsible human beings.

I convey my best wishes to all the students, their parents and congratulate them with regard to their excellent decision for good education and successful future.

Secretary Message

Located in the Janambhoomi of Lord Shri Krishna, the SKS Ayurvedic medical college & hospital is committed to providing its students an unparalleled educational experience in Ayurveda through excellent teaching and clinical experience/ training in the wards/ Hospital. Thus putting each student on the path of success.

The SKS Ayurvedic Medical College & Hospital has a 100 bedded hospital which provides quality healthcare with the support of excellent healthcare infrastructure and highly qualified professionals/doctors, to restore health to all sections of society with a healing touch.

SKS Ayurvedic Medical College & Hospital is the temple of learning, which not only preserves our time tested myths, healthy traditions and great moral values of the past, but also opens our eyes to a vast ocean of scientific and technical progress which is being brought to light with each passing day in our campus. The atmosphere in our campus is secure, cordial and perfectly suited to all-round development of the intellectual skills of students. I heartily welcome students to our college and assure to build them as a valuable medical asset of our nation.

MAYANK GAUTAM
SECRETARY

Principal Message

It is an immense pleasure to welcome you to SKS AYURVEDIC MEDICAL COLLEGE & HOSPITAL. It is one of the best Ayurvedic Medical college and an established proven leader in the field of Medical education by maintaining high standards and values. The College and Hospital has a congenial atmosphere to learn study & help society to maintain positive health. We are dedicated in providing all the essential facilities for students who seek successful career in Healthcare. We as a team strive hard every day to make this health system more simplified and community friendly. Quality education is the only way by which we can achieve this goal. Teaching and learning is a continuous process which runs throughout the life. Here in this campus we make sure you are equipped with all the knowledge that is needed as to become able teacher and a successful practitioner. Because at the end of the day success is what we all need. Our infrastructure and skilled teaching staff are unparalleled. With this background we take pride in giving qualified and skilled doctors as well as teachers to this society who are going to make this world better. Research is the only way here to find solution to the problem that society is facing. It is our duty as well responsibility to be part of this eternal science Ayurveda and I congratulate all parents / students with regard to their excellent decision for good education and successful future.

DR. J.P. AWASTHI
PRINCIPAL

Core Values

The core value of SKS Ayurvedic Medical College and Hospital are

1. Freedom of Thought and Expression
2. Integrity
3. Professionalism & Ethics
4. Leadership & Teamwork
5. Research Culture
6. Respect for the conservation of the environment
7. Patient care
8. Social Service

& Philosophy

Our Vision To be a center of excellence in Ayurveda and to sculpture skillful and knowledgeable physicians and to achieve holistic health in the community. Our philosophy lies on serving the society through Ayurvedic care with full humanity. Our aim is to create a pool of Ayurvedic Physicians who can care and create a healthy environment for the society.

Every candidate should have attendance not less than 80% of the total classes conducted in theory and practical separately in each academic year calculated from the date of commencement of the term to the last working day as notified by the University in each of the subjects prescribed to be eligible to appear for the university examination subject to the condition that his / her progress and conduct are counted to be satisfactory by the Principal.

A candidate lacking in the prescribed attendance and progress in any subject(s) in theory or practical/clinical in the first appearance may not be permitted to appear for the examination in that subject(s).

SCOPE OF AYURVEDA IN INDIA

The new mantra of urban living is go for the herbal way. The cosmetic sections at departmental stores display herbal. Ayurvedic products that claim to not just cure but also prevent any illness. Ayurveda or Science of life has its roots in India. The system cures and prevents diseases by eliminating their root cause. According to Ayurveda, five basic elements, namely, earth, water, air, fire, space impact our wellbeing in more than one way. A correct balance of this five is needed to restore health. Analysts says that almost 80 percent of Indians uses Ayurvedic treatment either in its entirety or combining it with allopathic medication. As lifestyle disease grip urban population, awareness about the world's oldest medicine increased phenomenally.

The increasing demand for Ayurvedic doctors across pharmaceutical companies and government hospitals is due to the trust developed by the alternative medicine as the herbal route to curing diseases. The Department of Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homeopathy (AYUSH) was established by Government of India to support and promote research and education in the field of Ayurvedic Science.

Graduate training prepares you for a research career in institutions from health, medicine, agriculture and environmental sectors. Apart from that, pharmaceutical, food and beverages sectors also recruit graduates in a big way. Students interested in postgraduate studies have as many as 20 specialized fields to select from. This can be attained by pursuing courses leading to Master's of Medicine (MD-Ayu) / Master of Surgery (MS-Ayu) degree. Some of the popular specializations are Kaya Chikitsa, Panchakarma, Drayyaguna, Salya, Salyaka and Prasutitantra, Rasasatra and Kshar Sutra. Apart from MD specialization you can also go for PG Diploma programmes.

Research programme like PhD is essential for taking up research at various institutions. Some of the institutes that offer doctorate programmes include Central Council for Research in Ayurveda and Siddha (CCRAS), Tilak Ayurveda Mahavidhyala and National Institute of Ayurveda (Jaipur & Jamnagar)

- 1) Government hospitals and privately-held ones are endowed with well-equipped Ayurvedic units.
- 2) Ayurvedic doctors also set up their independent clinics along with retailing of Ayurvedic medicines.
- 3) Ayurveda doctors are employed at various wellness centres. Integration of Ayurveda with wellness therapies at resorts & spas.
- 4) Supervisory and research roles with pharmaceutical industry like, Dabur, Zandu, Himalaya and Arya Vaidya Sala.
- 5) Ayurveda doctors are employed for drug research, various companies grant scholarships to deserving students

NOTE: To be able to practice Ayurveda, BAMS degree holders must be registered at the respective state council to abide with the Indian Medical Central Council Act. The registration with Central Council Of Indian Medicine (CCIM) IS necessary for a national wide practice.

FUTURE DEGREES AFTER BAMS

A BAMS doctor can go for following degrees after the completion of the degree:-

1. MD/MS(AYURVEDA)
2. MBA (Hospital Healthcare Management)
3. MPH
4. M. Sc Health Sciences
5. M. Sc Nutrition

MISCELLANEOUS

Students can also go for Medical transcription, medical tourism, medical event management, medical journalism, medical photography and documentation. BAMS graduates can complete LLB and work as legal medical advisor and there lies is a great potential in manufacturing of equipments required for Ayurvedic treatments like Panchakarma.
